TURKS SWEEPING INTO THE NEUTRAL ZONE

MUSTAPHA KEMAL ACTS IN DEFIANCE OF THE ALLIES ULTIMATUM

Kemal Notifies Harrington, British Commander-in-Chief, That He Did Not Recognize the Neutral Zone of the Straits of the Dardanelles

Allies May Be Forced to Abandon Constantinople if Turks Advance on the City; Authorities Striving to Prevent Uprising of Moslems

By United Press

Constantinople, Sept. 28.—Mustapha Kemal poured his legions into the neutral zone today in defiance of the ultimatum of the allies.

Kemal, leader of the Turkish nationalists, notified Sir Charles Harrington, British commander-in-chief, that he did not recognize the neutral zone of the Straits of the Dardanelles.

Constantinople is menaced by the latest move of the Turks. The Kemalists, already entrenched not far from the British position in the Chanak area, are concentrating their forces at Ismid, the key to Constantinople. The latest concentration is viewed here with the greatest alarm.

The population is more panicky than ever, as the reports of the advance of the Turks poured in.

It was believed that the allies may be forced to abandon Constantinople if the Turks advance on the city.

Authorities here are doing their utmost to prevent an uprising of the Moslem population.

"Every Turk is a soldier" and it is feared that they would all spring to arms here if a Kemal advance over the straits were started.

With the Turkish military concentration at the very gates of Constantinople the situation in the Chanak area at the other side of the Sea of Marmora grew more acute.

Turks in this area were moving and counter-moving. The Turkish cavalry and machine gunners were advancing north from Erenkeui toward Chanak, where the British are entrenched.

By this movement, the isolation of the British was threatened. In order to frustrate this, General Harrington has ordered a detachment of British soldiers to move southward toward Erenkeui. The British mobile army is strongly supported with machine guns and artillery.

Officials, with the news of the movement of the Kemalists both within and just outside the neutral zone, grew apprehensive that the maneuvers were designed to cover the concentration of the artillery, with the object of attacking Constantinople.

British Cabinet Meets

London, Sept. 28.—The British cabinet, faced with almost open defiance of Mustapha Kemal to the allied ultimatum that the Turks evacuate the neutral zone, met today with Lloyd George at 10 Downing street.

"The odds are only seven to six against war," one high official declared to the United Press.

The cabinet after discussing the Kemal situation, adjourned until 4 p. m.

Hope was expressed that Kemal would respond to General Harrington's invitation to attend a conference.

Jugo-Slavia Revolution Denied

Washington, Sept. 28.—A denial of reports from Hungary of a revolution in Jugo-Slavia was made at the Serbian legation here today. There have been no disturbances in Serbia or Jugo-Slavia, it was stated officially.

American Destroyers Prepare for Dash

Norfolk, W. Va., Sept. 28.—The 12 destroyers ordered by the navy department to proceed as expeditiously as possible to Turkish waters, are being prepared at the navy yard here today for their dash to Constantinople. They will be ready to sail from Hampton Roads within 48 hours.

The vessels are to be selected from a squadron of 20 which participated in the mimic war game off the Virginia Capes yesterday.

Most of the destroyers have already begun loading ship supplies and provisions.

12 American Destroyers to Turkey

Washington, Sept. 28.—With 12 American destroyers under orders to rush to Turkish waters and aid in the protection of American interests, it was apparent that the United States will play an important role in the efforts to settle the troublesome Near East problem.

The prediction was made in official quarters of this government, as the result of Secretary of State Hughes' announcement that the United States stands back of the allies' policy regarding the Dardanelles and the action in sending more destroyers to the

war area, it would participate in the conference at Venice on Near East difficulties.

The decision to send additional destroyers to Constantinople, officially announced last night, was reached by the navy department after a consultation with the state department.

A request for additional ships and supplies was made by Rear Admiral Mark Bristol in command in Turkish waters.

The destroyers are being made ready for the long voyage. The vessels are expected to leave within the next few days, but are not due to reach Turkish waters for two or three weeks.

Announcement by the navy department that the destroyers which are being dispatched to Admiral Bristol would not engage in any military or naval defense, is believed to indicate that it is intended to insure respect for American interests there.

This, observers pointed out, does not necessarily conflict with the belief that the American government was fired by diplomatic means to obtain what it considers essential to American interests in the Near East.

Whole Balkan May Be Embroiled

Paris, Sept. 28.—The whole Balkan, Europe's tinder box, threatens to become embroiled in the war.

One of the first official acts of King George II was to go to Belgrade and personally request Jugo-Slavia to aid in defending Thrace against the Turks, according to unofficial information received here.

In the event Jugo-Slavia hearkens to the plea of the Greek king, the possibility of the other two members—Roumania and Czechoslovakia—would enter the list against the Turks.

BANDITS ROB BANK

Cincinnati, Sept. 28.—Five bandits entered the Hamilton County bank here today, knocked out the cashier with the butt of a pistol, and locked seven other employees and customers in a rear room and robbed the safe of cash and other money in sight. The loot is estimated at \$14,000.

Resume Iron Drilling on South Range

STRIKE OF ERIE RAILROAD SHOPMEN SETTLED AT YOUNGSTOWN TODAY

(By United Press.)
Youngstown, Ohio, Sept. 28.—The strike of the Erie railroad shopmen was settled here today.

An agreement was reached following a two days' conference of strike leaders and company officials here. The company today issued the following notice:

"At a conference at Youngstown, a plan was agreed to whereby all Erie shop employees that have been on strike since July 1 will resume work upon conditions satisfactory to both sides."

VOICE OF A CHILD CRIES TO TRACE HER MOTHER'S SLAYER

FIFTEEN YEAR OLD CHARLOTTE MILLS APPEALS TO GOVERNOR EDWARDS

SAYS LETTERS FROM STRANGERS TELL HER POLITICAL GANG IS IN SADDLE

(By United Press.)
New Brunswick, N. J., Sept. 28.—The voice of a child cried for vengeance today on the murderer of Rev. Edward Wheeler Hall and Mrs. Jas. Mills, his choir leader, whose bodies were found side by side on the deserted farm near here.

Charlotte Mills, 15 year old school girl, sent a plea to Governor Edward that he do all in his power to find the murderer of her mother and the pastor. The girl's plea came after Prosecutor Strickler stated he was unable after two weeks' investigation to find a clue to the identity of the murderer.

"Mother never did anything wrong. I am going to spend the rest of my life trying to find out who killed her."

The child's plea to Governor Edwards follows:

"Dear Governor. I am Charlotte Mills of New Brunswick. My mother, as you know, was murdered two weeks ago, and it seems to me that the investigation is not bringing results."

"I have received letters from strangers that a political gang is running things. Can that be true? 'As we have no means to get legal help, is there not some way, dear Governor, that you could help me find the murderer of my dear mother?'"

Anxiously, Charlotte Mills
Governor Assures Support
Jersey City, N. J., Sept. 28.—Gov.

FOREST FIRES MAY BE DISASTROUS IF WIND SHOULD RISE

Edwards of New Jersey will reply to the letter of Charlotte Mills, daughter of the slain Mrs. Elinor Mills, assuring the child that everything possible will be done to apprehend the murderers of the two, it was stated at the governor's office here today.

After conferring with the prosecutor of Middlesex county he probably will confer with authorities again after replying to the girl's letter.

RAGING IN VICINITY OF ELLSBURG NORTHEAST OF COTTON AND WHITEFACE

ONLY CONSTANT VIGILANCE ON PART OF 300 FIRE FIGHTERS TO CHECK IT
(By United Press.)
Duluth, Sept. 28.—The forest fires which have broken out in the vicinity of Ellsburg northeast of Cotton and Whiteface, may prove disastrous if the wind should rise, according to reports here.

In some instances settlers have been warned to leave their homes. A few refugees came in from Ellsburg district last night, but returned to their homes today.

H. G. Weber of the forestry department said today the situation is again becoming critical, and only favorable conditions and constant vigilance on the part of the 300 fire fighters who are now battling the various blazes, will prevent another conflagration.

BRAINERD MINING CO. SPOTS A DRILL MILE N. E. OF BARROWS

R. R. WISE AND W. C. WHITE ARE PROMINENT DIRECTORS OF BRAINERD MINING CO.

REPORTED SEVERAL HOLES ARE TO BE PUT DOWN BY THE DRILLING COMPANY

Barrows, Minn., Sept. 28.—The Seafeld Exploration company of Ironton has started drilling on the property of the Brainerd Mining company in section 10, township 44, range 31 in Crow Wing township, located a mile northeast of the town of Barrows. The location is further described as being north of the Northern Pacific railway and about due north of the old Barrows mine. It is reported that several holes will be put down.

R. R. Wise of Brainerd and Judge W. C. White of Milwaukee, Wis., are among the influential stockholders of this company. The resumption of drilling for iron ore on the south Cuyuna iron range is hailed with joy by the town of Barrows as well as her large sister city of Brainerd four miles north.

Wm. Seafeld, head of the Seafeld Exploration company, is personally directing the operations of the diamond drill. A crew of four men is employed.

G. L. Brothers of Superior was in town on business matters last of the week.

Mrs. M. A. Parham left for her home in Nashville, Tenn., Thursday after spending the summer here and at Walker.

Mr. and Mrs. Fred Revier of Friesland were in town Friday looking after property they are interested in here.

Fred Ingersoll and daughter of Warba, visited at the H. A. Peterson home Friday.

Geo. H. Ahl of Minneapolis was in town Friday looking after business matters.

E. M. Brand took a truck load of water melons to St. Cloud and vicinity Wednesday.

AS KING GEORGE II, CROWN PRINCE TAKES THRONE OF REVOLUTION TORN GREECE

(By United Press.)
Athens, Sept. 28.—The Crown Prince was sworn in as King George II yesterday to replace his father, King Constantine, who fled the throne when a bloodless revolution swept the country.

The ceremonies were presided over by three revolutionary generals, including General Papoulis, who is evidently replacing Colonel Gonatis as the chief of the revolutionists.

Immediately after the ceremonies, which lacked the pomp that usually attends such events, the generals announced their intention of starting an army to Thrace to defend that territory from the Turks. One revolutionary regiment has landed in Athens to maintain order. The leaders of the revolution are evidently determined to prevent bloodshed.

Former Premier Venizelos, who exiled himself to France after Constantine's return, was notified by the revolutionists to take charge of Greek affairs abroad.

The revolutionists are divided on the participation of Venizelos in Greek affairs. From the invitation to act as representative abroad, it appears that General Papoulis is favorable to the former premier.

However, Colonel Gonatis and Phoenix, naval officers, who were leaders of the movement at Lareum, are known to be anti-Venizelists.

General Papoulis informed King Constantine, previously to the swearing in of George II, that peace and order would be maintained throughout Greece, and prosecution of leaders of the repudiated government would be avoided.

It was reliably stated here that the Greek cruiser "Aveross" and the fleet of the Sea of Marmora has joined other forces in the movement because of the revolutionists.

King George II, the new ruler of Greece, bore the title of Duke of Sparta before he was sworn in. He is a giant in stature.

Greece May Launch Attack
King George II sitting on the throne of Greece following the abdication of his father King Constantine three revolutionary generals, who are in reality running the Greek government, appeared ready to march a revolutionary army into Thrace to prevent Turkish occupation.

The Greek fleet in the Sea of Marmora is to lead aid to this movement.

The situation brought about by the Turkish invasion of the neutral zone of the Dardanelles against the express commands of the allies, was most acute. Kemalists were reported marching their troops in the Chanak area, and concentrating forces at Ismid, the key to Constantinople.

In case the Kemalists advance on Constantinople, it was already stated, the allies to prevent bloodshed plan to evacuate.

This situation engaged the British cabinet which met to consider the Kemal reply to their ultimatum that he evacuate the neutral zone within 48 hours.

One high British official stated that the orders against war were only seven to six and another characterized the Kemal note, which stated Turkey would not recognize the existence of the neutral zone, as impertinent.

From Paris came official reports that King George II plans to go to Belgrade to petition the Serbians for aid. This is taken to mean the Balkans may become drawn in the Turkish-Greek war.

Report Constantine Imprisoned
London, Sept. 28.—Constantine, the deposed king of Greece, has been imprisoned, according to an unconfirmed report reached here from Athens.

Dispatches rushed from Athens to the United Press stated that Constantine had been ordered to leave the country, but nothing was said about imprisonment.

GOVERNMENT FACES DIFFICULT FINANCIAL PROBLEM SOON

AT END OF FISCAL YEAR MORE THAN TWO BILLIONS MUST BE RAISED

TO MEET DEFICIT OF RUNNING EXPENSES AND MATURING OBLIGATIONS
(By United Press.)

Washington, Sept. 28.—A difficult financial problem must be solved in the near future.

By the end of the fiscal year more than \$2,225,000,000 must be raised to meet a deficit of running expenses and maturing obligations, according to estimates prepared today by the budget bureau. This sum must be raised in addition to ordinary government receipts.

More than \$1,500,000,000 of the amount must be secured by the end of the calendar year.

The largest single item is \$900,000,000 representing Victory notes called for redemption on December 15th. Next in size is the sum of \$515,000,000 to meet War Savings certificates maturing on January 1. To this must be added \$125,000,000 in interest on these certificates. Other interest obligations total \$125,000,000.

Added to this is the prospective deficit of \$425,000,000 running expense. The budget bureau experts believe that part of the total must be met out of current receipts, and the new tariff measure. An increase of \$3,500,000 in customs receipts was noted last Saturday.

LIGHTNING STRIKES POWDER MAGAZINE, KILLS OVER 100

FORCE OF THE BLAST WRECKED ITALIAN TOWN OF SANTERENZIO

ACCIDENT OCCURRED AT SILICONARIA FORT NEAR THE TOWN OF SPETIA
(By United Press.)

Spetia, Italy, Sept. 28.—More than 100 persons were killed today when Siliconaria Fort near here blew up when lightning struck the powder magazine.

The force of the blast wrecked the town of Santerenzio.

Indescribable confusion followed the terrific blast, and there was some delay in estimating the number of dead and injured.

First reports were that forty lives had been lost, but as gendarmes penetrated the ruined area, the death list quickly mounted to 100.

Hundreds of injured were brought to the Spetia hospital.

The bodies of those who were killed were horribly mangled, most of them dying instantly. Houses in the town were shattered and crumbled down on the occupants.

It was believed most of those killed in the fort were soldiers and sailors. The blast was heard for miles, and relief was rushed from nearby towns.

Pasadena, Calif., Sept. 28.—The dirigible C-2 arrived safely at Ross field, Arcadia, Calif., at 9:25 today. The flight from San Francisco was made without incident. The landing was perfect.

Shopmen's Side of Controversy As Given by Publicity Committee

MISGUIDED APPEAL FALLS ON DEAF EARS!

Brainerd Federated Shop Crafts gives true reports as to the small number of men returning to work on all points on Northern Pacific system.

COMMUNICATION

Brainerd, Minn., Sept. 28, 1922.
Editor Dispatch:

In the Sept. 27th issue of your paper Mr. J. P. Anderson, shop superintendent, Brainerd shops makes a statement in the form of a communication to the effect that he has been reliably informed that the shop men at South Tacoma were returning to work at the rate of 30 per day.

In regards to this statement we will endeavor to show by copies of daily telegrams received at Brainerd Federated Craft headquarters.

South Tacoma, having 1160 employees who went on strike July 1st, 1922 has had 20 desertions from their ranks. This statement is borne out by the telegram from So. Tacoma, dated Sept. 27 which is as follows:

WESTERN UNION TELEGRAM
30 NA-DF9
Spokane, Wash, 252P SetP 26-22
H. C. Kylo, Brainerd, Minn.
Standing pat here. Four desertions since July 1st.
O. A. SWARTZ 507P

Minn.
So. Tacoma reports 20 desertions to date. Rest standing firm.
W. C. SIMPSON.
3:35P

Considering the very small number of desertions in our ranks on the entire Northern Pacific railroad the men have reason to feel that their cause is a just one, and feel that after reviewing the entire strike situation to date, taking into account the very small number of desertions, the poor class of men recruited to take their places, the very small percentage of work performed since July 1st and the frantic efforts made by R. R. officials and others to induce former employees to return to work individually by certain dates has a tendency to strengthen rather than weaken the ranks of the strikers.

Contents of a few telegrams taken at random from along the line of the Northern Pacific.

WESTERN UNION TELEGRAM
30 NA-DF9
Spokane, Wash, 252P SetP 26-22
H. C. Kylo, Brainerd, Minn.
Standing pat here. Four desertions since July 1st.
O. A. SWARTZ 507P

WESTERN UNION TELEGRAM
5NADF 47 NL
Livingston, Mont. SetP. 27-22.
Federated Crafts, Brainerd.

Federated Shop Crafts Livingston had a total of 540 men cease work July 1st. Have lost 2 carmen, 2 carmen helpers, 1 electrician, 1 machinist, 1 blacksmith helper since that time. To date morale of men excellent. Stick and win.

M. H. STEPHENS.
824A SetP 28, 1922

We have had injunctions put against us, to prevent us trying by peaceful methods to urge men who are working to cease work.

Therefore we request railroad officials and others to discontinue interfering with the men who are on strike or who desire to continue on strike in the same manner that they require us to refrain from interfering with their people thru the injunction until a just and honorable settlement can be reached.

We will stick and we will win!

TURKS SWEEPING INTO THE NEUTRAL ZONE

MUSTAPHA KEMAL ACTS IN DEFIANCE OF THE ALLIES ULTIMATUM

Kemal Notifies Harrington, British Commander-in-Chief, That He Did Not Recognize the Neutral Zone of the Straits of the Dardanelles

Allies May Be Forced to Abandon Constantinople if Turks Advance on the City; Authorities Striving to Prevent Uprising of Moslems

By United Press

Constantinople, Sept. 28.—Mustapha Kemal poured his legions into the neutral zone today in defiance of the ultimatum of the allies.

Kemal, leader of the Turkish nationalists, notified Sir Charles Harrington, British commander-in-chief, that he did not recognize the neutral zone of the Straits of the Dardanelles.

Constantinople is menaced by the latest move of the Turks. The Kemalists, already entrenched not far from the British position in the Chanak area, are concentrating their forces at Ismid, the key to Constantinople. The latest concentration is viewed here with the greatest alarm.

The population is more panicky than ever, as the reports of the advance of the Turks poured in.

It was believed that the allies may be forced to abandon Constantinople if the Turks advance on the city.

Authorities here are doing their utmost to prevent an uprising of the Moslem population.

"Every Turk is a soldier" and it is feared that they would all spring to arms here if a Kemal advance over the straits were started.

With the Turkish military concentration at the very gates of Constantinople the situation in the Chanak area at the other side of the Sea of Marmora grew more acute.

Turks in this area were moving and counter-moving. The Turkish cavalry and machine gunners were advancing north from Erenkei toward Chanak, where the British are entrenched.

By this movement, the isolation of the British was threatened. In order to frustrate this, General Harrington has ordered a detachment of British soldiers to move southward toward Erenkei. The British mobile army is strongly supported with machine guns and artillery.

Officials, with the news of the movement of the Kemalists both within and just outside the neutral zone, grew apprehensive that the maneuvers were designed to cover the concentration of the artillery, with the object of attacking Constantinople.

British Cabinet Meets

London, Sept. 28.—The British cabinet, faced with almost open defiance of Mustapha Kemal to the allied ultimatum that the Turks evacuate the neutral zone, met today with Lloyd George at 10 Downing street.

"The odds are only seven to six against war," one high official declared to the United Press.

The cabinet after discussing the Kemal situation, adjourned until 4 p. m. Hope was expressed that Kemal would respond to General Harrington's invitation to attend a conference.

Jugo-Slavia Revolution Denied

Washington, Sept. 28.—A denial of reports from Hungary of a revolution in Jugo-Slavia was made at the Serbian legation here today. There have been no disturbances in Serbia or Jugo-Slavia, it was stated officially.

American Destroyers Prepare for Dash

Norfolk, W. Va., Sept. 28.—The 12 destroyers ordered by the navy department to proceed as expeditiously as possible to Turkish waters, are being prepared at the navy yard here today for their dash to Constantinople. They will be ready to sail from Hampton Roads within 48 hours.

The vessels are to be selected from a squadron of 20 which participated in the mimic war game off the Virginia Capes yesterday.

Most of the destroyers have already begun loading ship supplies and provisions.

12 American Destroyers to Turkey

Washington, Sept. 28.—With 12 American destroyers under orders to rush to Turkish waters and aid in the protection of American interests, it was apparent that the United States will play an important role in the efforts to settle the troublesome Near East problem.

The prediction was made in official quarters of this government, as the result of Secretary of State Hughes' announcement that the United States stands back of the allies' policy regarding the Dardanelles and the action in sending more destroyers to the

war area, it would participate in the conference at Venice on Near East difficulties.

The decision to send additional destroyers to Constantinople, officially announced last night, was reached by the navy department after a consultation with the state department.

A request for additional ships and supplies was made by Rear Admiral Mark Bristol in command in Turkish waters.

The destroyers are being made ready for the long voyage. The vessels are expected to leave within the next few days, but are not due to reach Turkish waters for two or three weeks.

Announcement by the navy department that the destroyers which are being dispatched to Admiral Bristol would not engage in any military or naval defense, is believed to indicate that it is intended to insure respect for American interests there.

This, observers pointed out, does not necessarily conflict with the belief that the American government was fired by diplomatic means to obtain what it considers essential to American interests in the Near East.

Whole Balkan May Be Embroiled
Paris, Sept. 28.—The whole Balkan, Europe's tinder box, threatens to become embroiled in the war.

One of the first official acts of King George II was to go to Belgrade and personally request Jugo-Slavia to aid in defending Thrace against the Turks, according to unofficial information received here.

In the event Jugo-Slavia hearkens to the plea of the Greek king, the possibility of the other two members—Roumania and Czecho-Slovakia—would enter the list against the Turks.

Added to this is the prospective deficit of \$425,000,000 running expense. The budget bureau experts believe that part of the total must be met out of current receipts, and the new tariff measure. An increase of \$3,500,000 in customs receipts was noted last Saturday.

LIGHTNING STRIKES POWDER MAGAZINE, KILLS OVER 100

FORCE OF THE BLAST WRECKED ITALIAN TOWN OF SANTERENZIO

ACCIDENT OCCURRED AT SILCONARIA FORT NEAR THE TOWN OF SPETIA

(By United Press.)
Spetia, Italy, Sept. 28.—More than 100 persons were killed today when Silconaria Fort near here blew up when lightning struck the powder magazine.

The force of the blast wrecked the town of Santerenzio.

Indescribable confusion followed the terrific blast, and there was some delay in estimating the number of dead and injured.

First reports were that forty lives had been lost, but as gendarmes penetrated the ruined area, the death list quickly mounted to 100.

Hundreds of injured were brought to the Spetia hospital.

The bodies of those who were killed were horribly mangled, most of them dying instantly. Houses in the town were shattered and crumbled down on the occupants.

It was believed most of those killed in the fort were soldiers and sailors. The blast was heard for miles, and relief was rushed from nearby towns.

Pasadena, Calif., Sept. 28.—The dirigible C-2 arrived safely at Ross field, Arcadia, Calif., at 9:25 today. The flight from San Francisco was made without incident. The landing was perfect.

Shopmen's Side of Controversy As Given by Publicity Committee

MISGUIDED APPEAL FALLS ON DEAF EARS!

Brainerd Federated Shop Crafts gives true reports as to the small number of men returning to work on all points on Northern Pacific system.

COMMUNICATION
Brainerd, Minn., Sept. 28, 1922.
Editor Dispatch:

In the Sept. 27th issue of your paper Mr. J. P. Anderson, shop superintendent, Brainerd shops makes a statement in the form of a communication to the effect that he has been reliably informed that the shop men at South Tacoma were returning to work at the rate of 30 per day.

In regards to this statement we will endeavor to show by copies of daily telegrams received at Brainerd Federated Craft headquarters.

South Tacoma, having 1160 employees who went on strike July 1st, 1922 has had 20 desertions from their ranks. This statement is borne out by the telegram from So. Tacoma, dated Sept. 27 which is as follows:

WESTERN UNION TELEGRAM
26NA-DF9
Tacoma, Wash, 12:57P Sept. 27, 22
H. C. Kylio:
Strike Headquarters, Brainerd,

Minn.
So. Tacoma reports 20 desertions to date. Rest standing firm.
W. C. SIMPSON.
3:35P

Considering the very small number of desertions in our ranks on the entire Northern Pacific railroad the men have reason to feel that their cause is a just one, and feel that after reviewing the entire strike situation to date, taking into account the very small number of desertions, the poor class of men recruited to take their places, the very small percentage of work performed since July 1st and the frantic efforts made by R. R. officials and others to induce former employees to return to work individually by certain dates has a tendency to strengthen rather than weaken the ranks of the strikers.

Contents of a few telegrams taken at random from along the line of the Northern Pacific.

WESTERN UNION TELEGRAM
30 NA-DF9
Spokane, Wash, 252P SetP 26-22
H. C. Kylio,
Brainerd, Minn.
Standing pat here. Four desertions since July 1st.
O. A. SWARTZ
507P

WESTERN UNION TELEGRAM

5NADF 47 NL
Livingston, Mont. SetP. 27-22.
Federated Crafts,
Brainerd.

Federated Shop Crafts Livingston had a total of 540 men cease work July 1st. Have lost 2 carmen, 2 carmen helpers, 1 electrician, 1 machinist, 1 blacksmith helper since that time. To date morale of men excellent. Stick and win.

M. H. STPHENS.
824A SetP 28, 1922

We have had injunctions put against us, to prevent us trying by peaceful methods to urge men who are working to cease work.

Therefore we request railroad officials and others to discontinue interfering with the men who are on strike or who desire to continue on strike in the same manner that they require us to refrain from interfering with their people thru the injunction until a just and honorable settlement can be reached.

We will Stick and we will win!
Sept. 28, 1922.

BRAINERD FEDERATED SHOP CRAFTS.

THE WEATHER

Newman of South Seventh street will also serve on this committee.

In the two ball foursome played at the golf course on Wednesday afternoon when Mrs. W. R. Hiller and Jock Dryburgh played Mrs. A. C. Weber and W. R. Hiller, the result found them all even. They played 18 holes. In this handicap, Jock Dryburgh and his partner, allowed their opponents six bisques. The scores were, for the first round of the course, Mr. W. R. Hiller and Jock Dryburgh 46, Mrs. A. C. Weber and W. R. Hiller 51, and for the second round, the first named pair made it in 48, and the second named couple in 57.

VELVET ICE CREAM—The Best. Pure Cream chief ingredient. Telephone 450. Brainerd Creamery Co. 181f

The office of the Forest Ranger reports that fires are serious in all the districts surrounding Brainerd. A report from Maple township announced that the fires were very serious at 2 o'clock Thursday afternoon. A fire is burning fiercely near the Ferguson place, east of Pine River. Forest Ranger John H. Nelson is in the district, north of Hillman near Platte lake. Patrolman Melvin Berg is out at the fire in the Loerch district, the fire there is following the Northern Pacific railroad right of way. It is almost impossible to control these fires because of the condition of the woods and fields due to the dry weather.

Peterson-McPherson

Violet Peterson and Roy McPherson were united in marriage at the home of the bride's parents Mr. and Mrs. Axel Peterson of Park street, Wednesday, September 20th, at 2:00 o'clock. The bride wore a brown suit and carried a bridal bouquet of roses. The bride was attended by her

slater Margaret Peterson and the groom by Roy Wicklund. Rev. E. A. Cooke officiated.

Mr. and Mrs. McPherson left shortly after the ceremony for an automobile trip north and will be at home after October 1st at their home on Bluff avenue.

Prize Potatoes and Melons

The Dispatch windows contains some prize specimens of Early Rose potatoes and banana muskmelons raised by V. C. Francis on his farm on Round Lake near Nichols postoffice. The potatoes are very large all weighing over two pounds each and one weighing 2 and 3-4 lbs. and the banana muskmelon is a beautiful specimen of this luscious fruit which the force expects to enjoy in a day or two.

Card of Thanks

We wish to express our heartfelt thanks for all help, sympathy and floral offering, shown us in our recent bereavement and death, of our little Alice. Thanks to relatives, friends and neighbors, The Blacksmith Union, The Federated Shop Crafts, S. of N. and S. A. F., The Bethlehem Lutheran church, The Teachers and School Children.

AMERICAN LEGION BUSY IN OCTOBER

First Meeting of Fall Season to be Held Monday Evening, October 2, in Elks Hall

COMMANDER WILCOX'S PLANS

State Commander Barron to be Invited to Attend Post Meeting Early in November

Commander R. S. Wilcox of the Sidney Carl Hanson Post of the American Legion announces that the first meeting of the season will be held in Elks hall on Monday evening, Oct. 2, at 8 o'clock. The commander is anxious to have a large attendance of the members of the post at this meeting, when plans for the fall work will be presented and discussed.

The matter of having the state commander of the Legion, Jerry Barron, a former Brainerd boy, present at the November meeting, which will come soon after the National convention, will be taken up, and if possible arrangements will be made to guarantee that the State Commander will be given a good welcome when he returns to his old home town and that he will be well entertained while he is here.

Commander Barron will have something really worth while to report from the meeting at New Orleans and will present the program of work outlined for this state.

The commander of the local post is anxious that the membership be doubled during the next twelve months and that the present membership go to work to make a real, active organization out of the post during this season.

Those who have the naturalization of applicants for United States citizenship in charge have turned the day over to the officers of the Legion who have been asked to provide a good program for that day. The exercises will be held at the court house beginning at 10 o'clock in the morning of the 8th of November.

If the local post of the Legion is to do the things that it ought to do, faithfully and well, it is vitally necessary, according to the commander, that the members get out to the first meeting, help to line up the program for the year's work, and accept their responsibility as an obligation which goes with membership in the organization.

SHOULD NOT USE LUGS

Law on Subject is Clear Prohibiting Use of Same on Public Highways of State

A law known as H. F. No. 1158 in section 3 states that no motor vehicle or traction engine equipped with so-called "mud-hooks" shall be operated upon any public highway and no motor vehicle or traction engine shall be operated upon any public highway with lugs, or other hard protuberances upon the bearing surface of the wheels, except in particular cases where and at times when the same are necessary.

Heavy lugs actually chip out an imprint when run over Brainerd cement paved streets.

AMERICAN SUNDAY SCHOOL UNION

Report on Work Accomplished During the Year Given by Walter J. Smith, Missionary

IT COVERS FOUR COUNTIES

Organized Six New Sunday Schools With 207 Enrollment, and Re-organized Four Schools

"There are many loyal supporters of the American Sunday School Union work, in Brainerd and elsewhere, and as I will soon be calling on you for your annual subscription to that work. I therefore submit for your consideration this report of my work for eight months, March 1st to Oct. 20, 1922.

During these eight months I have been able to organize six new Sunday schools with an enrollment of 207, and to reorganize four schools, gathering in 152 more children and adults. I visited 22 other Union Sunday schools in a prosperous condition bringing me in touch with 750 more children and adults.

I also had the management of three group gatherings held at different points on my field, in which 19 Sunday school took part, bringing together for an all days service, a total of 750 children and adults. These gatherings gave the people of these communities the privilege of listening to inspiring addresses by prominent Sunday school workers.

From the ranks of these schools, seven students have completed the teaching and management course, and many more are part way through the course.

In my general work I have had the privilege of visiting in 270 homes, and of conducting 41 gospel services. This report represents some of the tangible results for this period of time. But the real results of such a work only eternity will reveal."

Yours respectfully,

WALTER J. SMITH

Missionary of the American Sunday School Union Field, Crow Wing, Cass, Morrison and Aitkin counties.

Community Faith
We believe that the people of this community have faith in our ability to perform our professional duties in a dignified, thoroughly discreet manner.

EASTERN STAR SCHOOL SESSION

School of Instruction This Thursday Brings Many Delegates from Iron Range Country

MANY FROM CROSBY, IRONTON

Delegations Also Motoring to Brainerd from Aitkin, Staples, Isle and Pine River

Many members of the Eastern Star order arrived in the city during Thursday morning and afternoon to attend the school of instruction to be held in Masonic hall. The program calls for instruction during the afternoon in the hall, a banquet at the First Methodist church and a session for instruction and entertainment in the evening.

Among those who had arrived up to 1 o'clock were Mrs. Walter Gugen, W. M. of Crosby, and in addition the following from Crosby, Mr. and Mrs. Harry L. Nicholson, Mrs. S. S. Shannon, Mrs. B. A. Smith, Mrs. E. Lee, Mrs. Chas. Yernberg, Mrs. A. Humble, Mrs. R. L. Wahl, Mrs. Wm. Cameron, Mrs. E. W. Van Akin and Mrs. G. E. McEwen.

From Trommald, Mrs. Howard Johnson and Mrs. Jewell.

From Ironton, Mrs. H. Ellingson, Mrs. Bratvold.

Mrs. C. H. Warner of Aitkin was expected during the afternoon motoring in with a company of delegates and delegations from other lodges including Staples, Isle, Pine River are coming.

Worthy Grand Matron Mrs. Hattie Madison of St. Paul, Grand Martha Mrs. Platie of Staples, and other officers were present.

This Bird is Fat.

Young albatrosses are so laden with their own fat that one of them may go five months without taking any nourishment, says the American Forestry Magazine. This is likewise true of young pigeons and certain sea fowl.

ANOTHER CAR OF PATTERNS SHIPPED

Patterns Used in Brainerd Foundry of Parker & Topping Co. Sent to Eastern Foundries

WORK TURNED OUT THERE

Castings Moulded Outside of Brainerd and Are Later Shipped in All Over System

The Parker & Topping Co., said Clyde E. Parker, has shipped another carload of valuable patterns east where they are used in foundries to turn out castings.

Before the strike of the moulders, the Brainerd foundry made castings for the Northern Pacific railway. Now this work is being apportioned out at eastern foundries, the patterns travel east too and Brainerd's prestige as a foundry center is daily diminishing.

"FORGET-ME-NOT DAY" COMES SOON

William Lemire of the local post of the Disabled War Veterans has just returned from Minneapolis after conferring with officers of the disabled veterans' organizations there. Mr. Lemire interviewed seven of the chief officers of these organizations and has been able to settle two claims for compensation made by local men.

There will be a special meeting of Disabled War Veterans in the near future when it is expected that all the men will get together to take up the important business that demands their attention.

At this meeting plans will be made for "Forget-Me-Not Day" when these flowers will be sold to provide funds, not only for the local charter but also for the state needs. Fifty per cent of the money raised is used for the requirements of the men in Crow Wing county and the other half goes to the state office.

ROARING, ROASTING TIME

Annual Wiener and Potato Roast, With Onions Substituted for Potatoes Enjoyed Last Night

The "When Do We Eat?" clerical organization of the N. P. railway force, had their annual wiener and potato roast Wednesday night, on the river flats. However, owing to their inability to secure potatoes, at the last moment, onions were substituted. A roaring, roasting time was had by all.

The morning, after the night before, they were a strong bunch, and strangers kept at a distance.

Bethlehem Lutheran Church

The Junior Young Peoples society will meet tomorrow evening, Friday, in the church parlors. Good program, everybody welcome.

On Monday evening at 8 o'clock Mrs. Bertha Smith will give a stereopticon lecture at the Bethlehem Lutheran church on Norway, Sweden and Denmark. Island will also be shown.

Rev. Bolstad spoke very highly of the lecture, which was given in the Norwegian-Danish church a short time ago.

Ole Lystad the president and Paul Dyvik the secretary of the Sons of Norway, recommended it as very instructive and educational. We would desire a large audience.

Drones Among Hens

Fargo, Sept. 27.—Poultry raisers lose a half million dollars yearly in this state because of the drones among the hens of their flock. A. Barton, poultry specialist at the North Dakota agricultural college, has estimated. One third of the hens of the state are non-layers and it takes two good hens to support each one of them.

Rheumatism

A Remarkable Home Treatment Given by One Who Had It

In the year of 1893 I was attacked by Muscular and Sub-acute Rheumatism. I suffered as only those who are thus afflicted know, for over three years. I tried remedy after remedy, but such relief as I obtained was only temporary. Finally, I found a treatment that cured me completely, and such a pitiful condition has never returned. I have given it to a number who were terribly afflicted, even bedridden, some of them seventy to eighty years old, and the results were the same as in my own case. I want every sufferer from any form of muscular and sub-acute (swelling at the joints) rheumatism, to try the great value of my improved "Home Treatment" for its remarkable allingpower. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of getting rid of such forms of rheumatism, you may send the price of it, one dollar, but understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when relief is thus offered you free? Don't delay. Write today.

Mark H. Jackson, 357-J Durston Bldg., Syracuse, N. Y.
Mr. Jackson is responsible. Above statement true.

HALL MUSIC HOUSE

AMERICAN LEGION BUSY IN OCTOBER

First Meeting of Fall Season to be Held Monday Evening, October 2, in Elks Hall

COMMANDER WILCOX'S PLANS

State Commander Barorn to be Invited to Attend Post Meeting Early in November

Commander R. S. Wilcox of the Sidney Carl Hanson Post of the American Legion announces that the first meeting of the season will be held in Elks' hall on Monday evening, Oct. 2, at 8 o'clock. The commander is anxious to have a large attendance of the members of the post at this meeting, when plans for the fall work will be presented and discussed.

The matter of having the state commander of the Legion, Jerry Barron, a former Brainerd boy, present at the November meeting, which will come soon after the National convention, will be taken up, and if possible arrangements will be made to guarantee that the State Commander will be given a good welcome when he returns to his old home town and that he will be well entertained while he is here.

Commander Barron will have something really worth while to report from the meeting at New Orleans and will present the program of work outlined for this state.

The commander of the local post is anxious that the membership be doubled during the next twelve months and that the present membership go to work to make a real, active organization out of the post during this season.

Those who have the naturalization of applicants for United States citizenship in charge have turned the day over to the officers of the Legion who have been asked to provide a good program for that day. The exercises will be held at the court house beginning at 10 o'clock in the morning of the 8th of November.

If the local post of the Legion is to do the things that it ought to do, faithfully and well, it is vitally necessary, according to the commander, that the members get out to the first meeting, help to line up the program for the year's work, and accept their responsibility as an obligation which goes with membership in the organization.

SHOULD NOT USE LUGS

Law on Subject is Clear Prohibiting Use of Same on Public Highways of State

A law known as H. F. No. 1158 in section 3 states that no motor vehicle or traction engine equipped with so-called "mud-hooks" shall be operated upon any public highway and no motor vehicle or traction engine shall be operated upon any public highway with lugs, or other hard protruberances upon the bearing surface of the wheels, except in particular cases where and at times when the same are necessary.

Heavy lugs actually chip out an imprint when run over Brainerd cement paved streets.

AMERICAN SUNDAY SCHOOL UNION

Report on Work Accomplished During the Year Given by Walter J. Smith, Missionary

IT COVERS FOUR COUNTIES

Organized Six New Sunday Schools With 207 Enrollment, and Re-organized Four Schools

"There are many loyal supporters of the American Sunday School Union work, in Brainerd and elsewhere, and as I will soon be calling on you for your annual subscription to that work, I therefore submit for your consideration this report of my work for eight months, March 1st to Oct. 20, 1922.

During these eight months I have been able to organize six new Sunday schools with an enrollment of 207, and to reorganize four schools, gathering in 152 more children and adults. I visited 22 other Union Sunday schools in a prosperous condition bringing me in touch with 750 more children and adults.

I also had the management of three group gatherings held at different points on my field, in which 19 Sunday school took part, bringing together for an all days service, a total of 750 children and adults. These gatherings gave the people of these communities the privilege of listening to inspiring addresses by prominent Sunday school workers.

From the ranks of these schools, seven students have completed their teaching and management course, and many more are part way through the course.

In my general work I have had the privilege of visiting in 270 homes, and of conducting 41 gospel services. This report represents some of the tangible results for this period of time. But the real results of such a work only eternity will reveal."

Yours respectfully,

WALTER J. SMITH

Missionary of the American Sunday School Union Field, Crow Wing, Cass, Morrison and Aitkin counties.

Community Faith
We believe that the people of this community have faith in our ability to perform our professional duties in a dignified, thoroughly discreet manner.

AMERICA'S INTEREST IN EUROPE

SECRETARY of State Charles E. Hughes has increased the interest of Americans in the troubled affairs of the Near East by his announcement, following a meeting of the cabinet, that the United States is in accord with the allied governments' demand that the Dardanelles and the Sea of Marmora be kept free for commerce and that racial and religious minorities be protected. To those who have been considering the restriction of commercial advantage lying behind the Turkish demand for the control of these waterways, the position taken by the cabinet is not surprising. America is building up a merchant marine, and with the growth of industrial activities unrestricted use of waterways becomes necessary that goods may be carried to the markets of the world. With Turkey in control of these waterways, she would be in a position to make terms with other European powers whose advantage might lie in closing them to the commerce of the United States, or, even in case they were left open, in making it hard for America to compete with other commercial nations favored by those in control of the waterways.

It is well that this country is to take a stand with other nations who are required to lay down the law for those turbulent countries, and to enforce it. At present it seems that there may be much to do to control the situation which, like a fire that has been allowed to get a good start, is not easily controlled. The hatreds of the peoples have been reawakened and Greece may yet prove less docile than the allies have seemed to expect. An attack by Greece upon the Turkish forces may precipitate a war that will involve other nations. But on the other hand, these may prefer to draw a ring of steel around the antagonists and allow them to go to it within the circle, holding themselves ready at all times to see that no fighting takes place outside of the limits they define.

Perhaps it is too late to save the Balkans for themselves, but there may yet be time to save the world from the Balkans. If there is born out of the emergency a better understanding between France and England as to the policy to be pursued in the Near East, and the United States cooperates with these nations in a policy that is acceptable to our department of state, guaranteeing the freedom of the waterways for the commerce of the nations, there is yet hope that something may be done to prevent the spread of the trouble.

It must always be kept in mind that even the greatest leaders are subject to the will of the people in democratic nations, and Lloyd George, impressed by the policies that Gladstone sought to work out but could not because of opposition, may be prevented from pursuing a policy because of a similar opposition. In Ireland there is a possibility of establishing order and bringing that country into a condition conducive to real achievement; and in initiating the movement that led to this possible outcome, the British premier was carrying out the policy of Gladstone. And there are clear indications that the policy of Lloyd George is in line with Gladstonian views of what ought to be done in that part of the world on which the eyes of the nations are at this time resting.

Just how the trouble is to be handled, only those who are in touch with the situation are able to decide. The nations are acting as policemen, and as a policeman must be guided in his action by the conditions he faces, so the nations must decide upon their action as movements are disclosed. Sometimes the policeman finds it wise to step right up to the combatants and order them to cease their disturbance; but, at other times, when the policeman is convinced that by such an attitude he invites the attack of the combatants, he is following the course of wisdom when he lets them destroy each other's resistance, and then steps in and, with the strength of the law behind him, brings them forward under charges of breaking the peace. And what is wise in the case of the policeman may be equally wise when nations assume the policeman's role.

America has stated what the law is with regard to these waterways, and Secretary Hughes probably expects that if it is necessary, another member will be added to the protectors of the world's peace.

THE REPUBLICAN PARTY'S RECORD

As the election draws nearer more attention is given to the record of those who are seeking to further the program of the administration. But, because of the incidents of a nation's life such as strikes and uncertain markets, there is always a danger of listening to the critic without seeking to learn the facts that are so often misquoted by the opposition.

It is therefore the duty of the press to give those facts to the public at a time when citizens are called upon to measure their government.

What then is the record of achievement of the present administration? During one year the nation's debt has been reduced \$1,000,000,000. The expenses of operating the government are \$1,000,000,000 less than they were two years ago.

Taxation has been reduced by over \$818,000,000 during this year.

In 1920 the government had 1,186,052 employees but these have been reduced until there are only 770,000 on the payroll of the government.

The introduction of the budget system has saved expenses. About \$3,000,000,000 has been added to the value of liberty bonds by their rise to a place where they are selling above par.

The calling together of the nations in the Washington conference resulted in vast savings to this and other nations, and led the thought of the nations in the direction of reduction in armaments.

This record of the administration and congress must not be overlooked because of the presence of misfortunes over which the government has no control and for which it is not responsible.

It is not often that a prisoner is released from prison against his will. What a thankless task the rescuers undertook in robbing a man of his home!

MOTORCYCLE COPS
ON AT ROYALTON

Paved Highway is Now Patrolled
from Minneapolis North Distance
of Nearly 100 Miles

SOME OF THE ARRESTS MADE

An Additional Patrolman to be Assigned
Territory Between St.
Cloud and Elk River

St. Cloud Journal Press: One man was knocked unconscious from a fall from an automobile, and two others arrested and fined for driving automobiles while under the influence of liquor as a result of holiday "sprees" in and near St. Cloud yesterday.

A lone speeded, R. Randall, St. Cloud, was fined \$10 and costs by Judge William H. Alden.

Police found Carl Jorgeson, Sartell lying unconscious with a gaping wound in his head on the Scenic Highway near Sauk Rapids late yesterday. He was rushed to a local physician and given medical aid. After reviving he said he had fallen from an automobile. Police later arrested August Jaeger, driver of the car from which Jorgeson fell. Jaeger was halted in the downtown district taken to police headquarters and fined \$100 and costs in police court on a charge of driving an automobile while under the influence of liquor.

A Benton county paved highway motorcycle officer arrested Stanley Joskoviak, Fiamberg, Minn., and brought him to police headquarters. Joskoviak was charged with driving an automobile while under the influence of liquor and fined \$100 and costs.

Motorcycle patrolmen are now active on the paved highway from Minneapolis to Royalton. An additional patrolman is to be assigned the territory between St. Cloud and Elk River this week, it was said at police headquarters. Thirty miles an hour is the speed limit beyond town districts, it was stated.

LATE CROPS FAVORED
BY WARM WEATHER

Washington, Sept. 28.—Weather conditions in most parts of the country in the last week were favorable to the rapid maturing of late crops, according to the weekly review of crop conditions by the weather bureau issued tonight.

The minimum of moisture, however, permitted harvesting to go forward rapidly, excepting a few places in the south.

Frosts occurred in Colorado and in the northern states from Minnesota eastward during the week, the review said, but caused little damage. The frost damage reported by the bureau was confined largely to Michigan, where potato vines were affected and unmaturing beans suffered.

Highways in virtually all sections of the country were declared by the bureau to be in satisfactory condition for the transportation of crops to markets.

MARKET REPORT

(By United Press)

South St. Paul Livestock.

South St. Paul, Sept. 28.—Estimated receipts at the union stockyards today: Cattle, 4,500; calves, 3,000; hogs, 7,500; sheep, 4,000; cars, 377.

St. Paul Hay Market

Timothy—No. 1, \$17.50; No. 2, \$15.50; No. 3, \$12.
Alfalfa—Standard, \$21; No. 1, \$15.
Clover Mixed—No. 1, \$15.50; No. 2, \$12.

Chicago Potato Market

Chicago, Sept. 28.—Receipts 118 cars. Minnesota and Wisconsin Round Whites, sacked, \$1 to \$1.10; bulk, \$1 to \$1.05. Minnesota sacked Early Ohio, 95c to \$1.

Must Beware of Backward Step.

Dante tells us that the realm which lies just below the strata of honest industry and toil is the realm of deceit occupied by the human wreckage of the vagrant and the petty criminal. Modern civilization would break down completely if men were to return to the animal era of treachery and lying.
—James A. M. Aikens.

KVALE, VOLSTEAD
IN THIRD BATTLE

SEVENTH DISTRICT CONTEST IS
UNDER WAY AS PASTOR CAN-
DIDATE STARTS CAMPAIGN

Benson, Sept. 27.—The third Volstead Kvale contest in the seventh congressional district is under way, following the opening address by Rev. O. J. Kvale here. Earlier in the day Mr. Kvale had filed his petition as an independent candidate.

Though he proclaimed himself a "progressive republican," Mr. Kvale in his speech followed closely the lines of argument in the recent "keynote" address by Dr. Henrik Shipstead, farmer-labor candidate for the senate. He also attacked the Harding administration. He spoke to about 1,200 in the village armory.

Mr. Kvale declared that the prohibition issue is being used as a "smoke screen" in the campaign, and also was used two years ago. There could be no such issue, he said, where both candidates are of the same mind regarding the prohibition amendment. He challenged anyone to produce evidence that a dollar of wet money had been expended in the district in his campaign, and produced a letter from Ransom Gillette, general counsel for the Association Against the Prohibition Amendment, stating the situation in the seventh district was hopeless and that the association would spend no money here.

Mr. Kvale denied the contention of Representative A. J. Volstead that no guaranty is being made upon the basis of eight to nine billion dollars of watered stock. He denounced the present tariff law and said the federal reserve board had been taken over by Wall street interests, holding it responsible for the 1919-1920 depression through withdrawal of many loans. He would favor a cancellation of war loans, he said, if such action would benefit the people, but said it would only add to the profit of war profiteers of Wall street. He criticized the present national administration in general terms.

Speed Fiend's Excuses

A fellow whose car went off the road, broke a telephone pole in two places, climbed a bank and went through a stout barbed wire fence at a turn near Jordan, said it was all due to "loose sand," which he hit in the road. Had he been really going fast, what do you suppose would have happened? Strange the unreasonable excuses the speed fiends can work up.—LeSueur Center Leader-Democrat.

WOODROW

Peter Peterson had an auction sale Tuesday.

Mrs. L. Hanson and children were in Brainerd Saturday.

Misses Lillian and Dorothea Norgard, Minnie and Inga Nelson called on Miss Thelma Tuesday evening.

Mrs. Charlie Petri visited with her sister-in-law, Mrs. Grace Houser the latter part of last week.

Irene Hanson and Eva Dalton were at Norgards last Sunday.

Mrs. C. A. Norgard and Miss Dorothea, were Brainerd callers Monday.

Last Saturday afternoon a fire started near Loerch and is still burning over meadows and swamps after destroying a large amount of hay.

Mrs. Helmick Aspholm and boys Wilfred and Donald called in Brainerd Saturday.

Gust Edquist was at Clarence Norgards Sunday afternoon.

THURSDAY, SEPTEMBER 28, 1922

AMERICA'S INTEREST IN EUROPE

SECRETARY of State Charles E. Hughes has increased the interest of Americans in the troubled affairs of the Near East by his announcement, following a meeting of the cabinet, that the United States is in accord with the allied governments' demand that the Dardanelles and the Sea of Marmora be kept free for commerce and that racial and religious minorities be protected. To those who have been considering the restriction of commercial advantage lying behind the Turkish demand for the control of these waterways, the position taken by the cabinet is not surprising. America is building up a merchant marine, and with the growth of industrial activities unrestricted use of waterways becomes necessary that goods may be carried to the markets of the world. With Turkey in control of these waterways, she would be in a position to make terms with other European powers whose advantage might lie in closing them to the commerce of the United States, or, even in case they were left open, in making it hard for America to compete with other commercial nations favored by those in control of the waterways.

It is well that this country is to take a stand with other nations who are required to lay down the law for those turbulent countries, and to enforce it. At present it seems that there may be much to do to control the situation which, like a fire that has been allowed to get a good start, is not easily controlled. The hatreds of the peoples have been reawakened and Greece may yet prove less docile than the allies have seemed to expect. An attack by Greece upon the Turkish forces may precipitate a war that will involve other nations. But on the other hand, these may prefer to draw a ring of steel around the antagonists and allow them to go to it within the circle, holding themselves ready at all times to see that no fighting takes place outside of the limits they define.

Perhaps it is too late to save the Balkans for themselves, but there may yet be time to save the world from the Balkans. If there is born out of the emergency a better understanding between France and England as to the policy to be pursued in the Near East, and the United States cooperates with these nations in a policy that is acceptable to our department of state, guaranteeing the freedom of the waterways for the commerce of the nations, there is yet hope that something may be done to prevent the spread of the trouble.

It must always be kept in mind that even the greatest leaders are subject to the will of the people in democratic nations, and Lloyd George, impressed by the policies that Gladstone sought to work out but could not because of opposition, may be prevented from pursuing a policy because of a similar opposition. In Ireland there is a possibility of establishing order and bringing that country into a condition conducive to real achievement; and in initiating the movement that led to this possible outcome, the British premier was carrying out the policy of Gladstone. And there are clear indications that the policy of Lloyd George is in line with Gladstonian views of what ought to be done in that part of the world on which the eyes of the nations are at this time resting.

Just how the trouble is to be handled, only those who are in touch with the situation are able to decide. The nations are acting as policemen, and as a policeman must be guided in his action by the conditions he faces, so the nations must decide upon their action as movements are disclosed. Sometimes the policeman finds it wise to step right up to the combatants and order them to cease their disturbance; but, at other times, when the policeman is convinced that by such an attitude he invites the attack of the combatants, he is following the course of wisdom when he lets them destroy each other's resistance, and then steps in and, with the strength of the law behind him, brings them forward under charges of breaking the peace. And what is wise in the case of the policeman may be equally wise when nations assume the policeman's role.

America has stated what the law is with regard to these waterways, and Secretary Hughes probably expects that if it is necessary, another member will be added to the protectors of the world's peace.

THE REPUBLICAN PARTY'S RECORD

As the election draws nearer more attention is given to the record of those who are seeking to further the program of the administration. But, because of the incidents of a nation's life such as strikes and uncertain markets, there is always a danger of listening to the critic without seeking to learn the facts that are so often misquoted by the opposition.

It is therefore the duty of the press to give those facts to the public at a time when citizens are called upon to measure their government.

What then is the record of achievement of the present administration? During one year the nation's debt has been reduced \$1,000,000,000. The expenses of operating the government are \$1,000,000,000 less than they were two years ago.

Taxation has been reduced by over \$818,000,000 during this year.

In 1920 the government had 1,186,052 employees but these have been reduced until there are only 770,000 on the payroll of the government.

The introduction of the budget system has saved expenses. About \$3,000,000,000 has been added to the value of liberty bonds by their rise to a place where they are selling above par.

The calling together of the nations in the Washington conference resulted in vast savings to this and other nations, and led the thought of the nations in the direction of reduction in armaments.

This record of the administration and congress must not be overlooked because of the presence of misfortunes over which the government has no control and for which it is not responsible.

It is not often that a prisoner is released from prison against his will. What a thankless task the rescuers undertook in robbing a man of his home!

MOTORCYCLE COPS
ON AT ROYALTON

Paved Highway is Now Patrolled from Minneapolis North Distance of Nearly 100 Miles

SOME OF THE ARRESTS MADE

An Additional Patrolman to be Assigned Territory Between St. Cloud and Elk River

St. Cloud Journal Press: One man was knocked unconscious from a fall from an automobile, and two others arrested and fined for driving automobiles while under the influence of liquor as a result of holiday "sprees" in and near St. Cloud yesterday.

A lone speeded, R. Randall, St. Cloud, was fined \$10 and costs by Judge William H. Alden.

Police found Carl Jorgeson, Sartell lying unconscious with a gaping wound in his head on the Scenic Highway near Sauk Rapids late yesterday. He was rushed to a local physician and given medical aid. After reviving he said he had fallen from an automobile. Police later arrested August Jaeger, driver of the car from which Jorgeson fell. Jaeger was halted in the downtown district taken to police headquarters and fined \$100 and costs in police court on a charge of driving an automobile while under the influence of liquor.

A Benton county paved highway motorcycle officer arrested Stanley Joskoviak, Flamberg, Minn., and brought him to police headquarters. Joskoviak was charged with driving an automobile while under the influence of liquor and fined \$100 and costs.

Motorcycle patrolmen are now active on the paved highway from Minneapolis to Royalton. An additional patrolman is to be assigned the territory between St. Cloud and Elk River this week, it was said at police headquarters. Thirty miles an hour is the speed limit beyond town districts, it was stated.

LATE CROPS FAVORED
BY WARM WEATHER

Washington, Sept. 28.—Weather conditions in most parts of the country in the last week were favorable to the rapid maturing of late crops, according to the weekly review of crop conditions by the weather bureau issued tonight.

The minimum of moisture, however, permitted harvesting to go forward rapidly, excepting a few places in the south.

Frosts occurred in Colorado and in the northern states from Minnesota eastward during the week, the review said, but caused little damage. The frost damage reported by the bureau was confined largely to Michigan, where potato vines were affected and unmaturing beans suffered.

Highways in virtually all sections of the country were declared by the bureau to be in satisfactory condition for the transportation of crops to markets.

MARKET REPORT

(By United Press)
South St. Paul Livestock.

South St. Paul, Sept. 28.—Estimated receipts at the union stockyards today: Cattle, 4,500; calves, 3,000; hogs, 7,500; sheep, 4,000; cars, 377.

Cattle—Beef steers, \$5 to \$8.50; cows and heifers, \$3.25 to \$6.75; canners and cutters, \$2 to \$3.25; butcher bulls, \$3.25 to \$4.25; veal calves, \$5 to \$10.50; stock feeding steers, \$3.50 to \$7.50.

Hogs—\$7.25 to \$9.90.
Sheep—Lambs, \$7 to \$13.75; ewes, \$1.50 to \$6.75; wethers, \$5 to \$8; yearlings, \$7.50 to \$11.25; bucks, \$2 to \$2.50.

St. Paul Hay Market

Timothy—No. 1, \$17.50; No. 2, \$15.50; No. 3, \$12.
Alfalfa—Standard, \$21; No. 1, \$15.
Clover Mixed—No. 1, \$15.50; No. 2, \$12.

Chicago Potato Market

Chicago, Sept. 28.—Receipts 118 cars. Minnesota and Wisconsin Round Whites, sacked, \$1 to \$1.10; bulk, \$1 to \$1.05. Minnesota sacked Early Ohio, 95c to \$1.

Must Beware of Backward Step.

Dante tells us that the realm which lies just below the strata of honest industry and toil is the realm of deceit occupied by the human wreckage of the vagrant and the petty criminal. Modern civilization would break down completely if men were to return to the animal era of treachery and lying.
—James A. M. Aikens.

KVALE, VOLSTEAD
IN THIRD BATTLE

SEVENTH DISTRICT CONTEST IS UNDER WAY AS PASTOR CANDIDATE STARTS CAMPAIGN

Benson, Sept. 27.—The third Volstead Kvale contest in the seventh congressional district is under way, following the opening address by Rev. O. J. Kvale here. Earlier in the day Mr. Kvale had filed his petition as an independent candidate.

Though he proclaimed himself a "progressive republican," Mr. Kvale in his speech followed closely the lines of argument in the recent "keynote" address by Dr. Henrik Shipstead, farmer-labor candidate for the senate. He also attacked the Harding administration. He spoke to about 1,200 in the village armory.

Mr. Kvale declared that the prohibition issue is being used as a "smoke screen" in the campaign, and also was used two years ago. There could be no such issue, he said, where both candidates are of the same mind regarding the prohibition amendment. He challenged anyone to produce evidence that a dollar of wet money had been expended in the district in his campaign, and produced a letter from Ransom Gillette, general counsel for the Association Against the Prohibition Amendment, stating the situation in the seventh district was hopeless and that the association would spend no money here.

Mr. Kvale denied the contention of Representative A. J. Volstead that no guaranty is being made upon the basis of eight to nine billion dollars of watered stock. He denounced the present tariff law and said the federal reserve board had been taken over by Wall street interests, holding it responsible for the 1919-1920 depression through withdrawal of many loans. He would favor a cancellation of war loans, he said, if such action would benefit the people, but said it would only add to the profit of war profiteers of Wall street. He criticized the present national administration in general terms.

CHAMBER COMMERCE HARVEST FESTIVAL

Brings Out Attendance of 200 at
Supper Program and Business
Session

AMERICAN LEGION QUARTET

R. W. Adams Spoke of Establishing
Tractor School, John Hesse on
New Hotel in Brainerd

One of the best attended meetings of the Chamber of Commerce held in a long time was that of Wednesday evening. The splendid luncheon served by the house and social committee under the direction of Ernest Wise had brought together so many men that the tables were taxed to accommodate the hungry members. There were about two hundred present.

After enjoying the spread, prepared by William Garvey of the Garvey restaurant, and consisting of roast beef, mashed potatoes, with brown gravy, and delicious rolls, followed by ice cream and coffee, which brought amny enthusiastic comments from the men. A. C. Mraz sang songs and the audience joined in the chorus. These were much appreciated. Songs of the Lions club were then sung by the crowd, led by O. J. Bouma. And then, under the direction of A. C. Ebert, the men sang that popular song "Sam Adair, He Had a Farm." Mr. Ebert, leader of the songsters of the Rotary club, started another song that told of the ringing of the bells in a certain distant country to which men are sometimes invited to go by angered associates. The Lions' orchestra furnished the instrumental music for the singing.

The tables were quickly cleared and during the interval between the luncheon and the meeting, the quartet, now known and popular as the American Legion quartet, composed of R. E. Bemmels, Roland Jenkins, S. F. Alderman and A. C. Mraz, sang a number of their songs. The fact that the numbers rendered by the quartet held the men for the evening meeting speaks well for the appreciation they received.

The rooms were attractive, being nicely decorated with autumn leaves, large bunches of nature's beautiful colorings being scattered in all corners of the dining room.

The meeting was called to order by W. E. Haydon, president, and after a report presented by Walter M. Murphy, who spoke to the meeting later, Carl Wright, reporting for the Parks and Playgrounds' committee stated that it had been decided that the tourist business would be hand-

led by a separate organization.

It was decided that the finance and budget committee are to come together to devise ways and means to raise the balance of the budget for 1922.

P. M. Zakariasen called attention to the fact that there are plans under way to build a sugar beet factory in Northern Minnesota and advised that this county make a bid for the development of beet growing. He also spoke about the advisability of getting behind the building of a corn canning plant here. These matters were referred to the agricultural committee. Mr. Zakariasen also spoke about the national dairy show to be held next month at the State Fair grounds and invited the business men to meet with the farmers at the court house on Oct. 2nd to arouse interest in this show.

A. J. Hayes told of attending the dairy show last year, and finding it so much worth while that he was led to decide to pass up the state fair this year, so that he would be free to take the time to go to the dairy show. Securing a large attendance from this section was left with the publicity committee.

H. W. Adams, instructor in the Dunwoody Institute in the department teaching automobile and tractor construction and operation, presented the practicability of building a tractor school in Brainerd. The matter was referred to the manufacturing committee.

John Hesse of the industrial promotion committee of the St. Paul Association gave an interesting and instructive talk on civic betterment. He said that if business men could come to the point where the welfare of Smith, the welfare of Jones, and the welfare of Brown means the welfare of the community we would have better cities. Mr. Hesse said that "After this terrible period of depression there is no state in the union where the hammers of construction are pounding so steadily." Mr. Hesse believes that Brainerd needs another hotel and he is out to see that Brainerd gets it. In speaking of the tourist business he said: "I believe it was your Chamber of Commerce that first took up your tourist business and don't you think that gratitude should be extended to those who have and are building up your city."

Walter M. Murphy spoke on the deposit of marl in this county, of the visit of the legislative committee to see the marl deposit. He told of the qualities of marl and its uses.

A telegram was read from Jerry Barron, State Commander of the American Legion, asking that the American Legion quartet be sent to the national convention of the Legion in New Orleans next month. Two members of the Chamber offered to help finance this expedition.

Two new members were admitted into this civic organization. These

N. E. BRAINERD LEAGUE MEETING

Improvement Association Addressed
by Retiring President, Rev.
J. E. Cadwell

IS GIVEN VOTE OF THANKS

Committee Named to Draw up Resolutions on the Routing of
State Highway No. 2

A meeting of the Northeast Brainerd Improvement League was held Wednesday evening when matters of unusual importance and interest were considered. Rev. J. E. Cadwell, president of the league, called the meeting to order, and after the reading of the minutes of the last meeting and the approval of the same, and the submission of reports by the committees, the subjects of interest to those gathered demanded attention.

Rev. J. E. Cadwell Resigns
Rev. J. E. Cadwell, who is leaving the city, offered his resignation which was accepted by the meeting. A rising vote of thanks was given to Mr. Cadwell for his services as president of the League.

Election of Officers
It was decided not to elect a new president until the meeting to be held on the fourth Monday evening in October. At that meeting all officers of the League will be elected to take the leadership of the organization during the ensuing year.

Highway No. 2
As a result of considerable discussion as to routing this highway it was decided to have a committee appointed to draw up resolutions covering the matter fully, this committee to appoint a spokesman to carry the information to all civic bodies for the purpose of securing their endorsement, so that the resolutions, after receiving the proper backing, may be placed in the hands of the State Highway Commission.

New High School Discussed
After disposing of the highway by referring business relative to it to a committee, the meeting took up the need of a new high school for Brainerd. Many interesting talks were made about this subject. It was said that before a bond issue is voted for the purpose of building such a building it ought to be known to the people of the city just where the building will be located. Those in the meeting felt that a central location must be secured so that the

were A. E. Lunceford, 309 Sixth street, vulcanizing, and William M. Wigham, Editor of the Northwest Dairyman.

people of the city may be equally served by the school. With this provision, the meeting seemed to favor the submission of a bond issue to the vote of the people of the city.

Civic Expenditures
A report on the condition of the city finances was made and it was seen that the council has gone as far as it can in putting in pretentious improvement because in carrying forward the good streets' program of the council the aldermen have looked ten years ahead. The result is that there will not be money in the treasury to meet improvements that are desirable until the treasury is replenished.

Entertainment Committee
Richard Isle and Otto Lundberg were appointed on a committee to serve as cooks and waiters, when the League holds its next meeting on the fourth Monday in October.

TO LOCATE ON LAND HERE

United States Veterans' Bureau Representative Seeks to Locate Disabled Veterans in Vicinity

O. A. Dahlberg of the United States Veterans' Bureau, is in the city for the purpose of conferring with O. J. Bouma, secretary of the Chamber of Commerce, and others, including E. G. Roth, county agent, with a view to locating disabled service men on land in Crow Wing county. There are at present in this county about a dozen of these disabled men and it is expected that many more will come up here within the next few years. The character of the climate is such as to make this part of the state desirable, and if the right kind of land is secured at a fair price, there is reason to believe that many former service men will be attracted to this part of the state, taking up small parcels of land that they may enter the poultry and truck-gardening occupations.

The American Legion, World War Veterans, Chamber of Commerce, county agent, and the buddies of the disabled men who are already here, will do all that they can to make possible the locating of many of these men in Crow Wing county.

The office of the Veterans' Bureau out of which Mr. Dahlberg is working is located in the Keith Plaza building, Minneapolis.

CHAMBER COMMERCE HARVEST FESTIVAL

Brings Out Attendance of 200 at
Supper Program and Business
Session

AMERICAN LEGION QUARTET

R. W. Adams Spoke of Establishing
Tractor School, John Hesse on
New Hotel in Brainerd

One of the best attended meetings of the Chamber of Commerce held in a long time was that of Wednesday evening. The splendid luncheon served by the house and social committee under the direction of Ernest Wise had brought together so many men that the tables were taxed to accommodate the hungry members. There were about two hundred present.

After enjoying the spread, prepared by William Garvey of the Garvey restaurant, and consisting of roast beef, mashed potatoes, with brown gravy, and delicious rolls, followed by ice cream and coffee, which brought amny enthusiastic comments from the men. A. C. Mraz sang songs and the audience joined in the chorus. These were much appreciated. Songs of the Lions club were then sung by the crowd, led by O. J. Bouma. And then, under the direction of A. C. Ebert, the men sang that popular song "Sam Adams, He Had a Farm." Mr. Ebert, leader of the songsters of the Rotary club, started another song that told of the ringing of the bells in a certain distant country to which men are sometimes invited to go by angered associates. The Lions' orchestra furnished the instrumental music for the singing.

The tables were quickly cleared and during the interval between the luncheon and the meeting, the quartet, now known and popular as the American Legion quartet, composed of R. E. Bemmels, Roland Jenkins, S. F. Alderman and A. C. Mraz, sang a number of their songs. The fact that the numbers rendered by the quartet held the men for the evening meeting speaks well for the appreciation they received.

The rooms were attractive, being nicely decorated with autumn leaves, large bunches of nature's beautiful colorings being scattered in all corners of the dining room.

The meeting was called to order by W. E. Haydon, president, and after a report presented by Walter M. Murphy, who spoke to the meeting later, Carl Wright, reporting for the Parks and Playgrounds' committee stated that it had been decided that the tourist business would be hand-

led by a separate organization. It was decided that the finance and budget committee are to come together to devise ways and means to raise the balance of the budget for 1932.

P. M. Zakariasen called attention to the fact that there are plans under way to build a sugar beet factory in Northern Minnesota and advised that this county make a bid for the development of beet growing. He also spoke about the advisability of getting behind the building of a corn canning plant here. These matters were referred to the agricultural committee. Mr. Zakariasen also spoke about the national dairy show to be held next month at the State Fair grounds and invited the business men to meet with the farmers at the court house on Oct. 2nd to arouse interest in this show.

A. J. Hayes told of attending the dairy show last year, and finding it so much worth while that he was led to decide to pass up the state fair this year, so that he would be free to take the time to go to the dairy show. Securing a large attendance from this section was left with the publicity committee.

H. W. Adams, instructor in the Dunwoody Institute in the department teaching automobile and tractor construction and operation, presented the practicability of building a tractor school in Brainerd. The matter was referred to the manufacturing committee.

John Hesse of the industrial promotion committee of the St. Paul Association gave an interesting and instructive talk on civic betterment. He said that if business men could come to the point where the welfare of Smith, the welfare of Jones, and the welfare of Brown means the welfare of the community we would have better cities. Mr. Hesse said that "After this terrible period of depression there is no state in the union where the hammers of construction are pounding so steadily." Mr. Hesse believes that Brainerd needs another hotel and he is out to see that Brainerd gets it. In speaking of the tourist business he said: "I believe it was your Chamber of Commerce that first took up your tourist business and don't you think that gratitude should be extended to those who have and are building up your city."

Walter M. Murphy spoke on the deposit of mail in this county, of the visit of the legislative committee to see the mail deposit. He told of the qualities of mail and its uses.

A telegram was read from Jerry Barron, State Commander of the American Legion, asking that the American Legion quartet be sent to the national convention of the Legion in New Orleans next month. Two members of the Chamber offered to help finance this expedition.

Two new members were admitted into this civic organization. These

N. E. BRAINERD LEAGUE MEETING

Improvement Association Addressed
by Retiring President, Rev.
J. E. Cadwell

IS GIVEN VOTE OF THANKS

Committee Named to Draw up Resolutions on the Routing of
State Highway No. 2

A meeting of the Northeast Brainerd Improvement League was held Wednesday evening when matters of unusual importance and interest were considered. Rev. J. E. Cadwell, president of the league, called the meeting to order, and after the reading of the minutes of the last meeting and the approval of the same, and the submission of reports by the committees, the subjects of interest to those gathered demanded attention.

Rev. J. E. Cadwell Resigns
Rev. J. E. Cadwell, who is leaving the city, offered his resignation which was accepted by the meeting. A rising vote of thanks was given to Mr. Cadwell for his services as president of the League.

Election of Officers
It was decided not to elect a new president until the meeting to be held on the fourth Monday evening in October. At that meeting all officers of the League will be elected to take the leadership of the organization during the coming year.

Highway No. 2
As a result of considerable discussion as to routing this highway it was decided to have a committee appointed to draw up resolutions covering the matter fully, this committee to appoint a spokesman to carry the information to all civic bodies for the purpose of securing their endorsement, so that the resolutions, after receiving the proper backing, may be placed in the hands of the State Highway Commission.

New High School Discussed
After disposing of the highway by referring business relative to it to a committee, the meeting took up the need of a new high school for Brainerd. Many interesting talks were made about this subject. It was said that before a bond issue is voted for the purpose of building such a building it ought to be known to the people of the city just where the building will be located. Those in the meeting felt that a central location must be secured so that the

were A. E. Lunceford, 309 Sixth street, vulcanizing, and William M. Wigham, Editor of the Northwest Dairyman.

people of the city may be equally served by the school. With this provision, the meeting seemed to favor the submission of a bond issue to the vote of the people of the city.

Civic Expenditures
A report on the condition of the city finances was made and it was seen that the council has gone as far as it can in putting in pretentious improvement because in carrying forward the good streets' program of the council the aldermen have looked ten years ahead. The result is that there will not be money in the treasury to meet improvements that are desirable until the treasury is replenished.

Entertainment Committee
Richard Isle and Otto Lundberg were appointed on a committee to serve as cooks and waiters, when the League holds its next meeting on the fourth Monday in October.

TO LOCATE ON LAND HERE

United States Veterans' Bureau Representative Seeks to Locate Disabled Veterans in Vicinity

O. A. Dahlberg of the United States Veterans' Bureau, is in the city for the purpose of conferring with O. J. Bouma, secretary of the Chamber of Commerce, and others, including E. G. Roth, county agent, with a view to locating disabled service men on land in Crow Wing county. There are at present in this county about a dozen of these disabled men and it is expected that many more will come up here within the next few years. The character of the climate is such as to make this part of the state desirable, and if the right kind of land is secured at a fair price, there is reason to believe that many former service men will be attracted to this part of the state, taking up small parcels of land that they may enter the poultry and truck-gardening occupations.

The American Legion, World War Veterans, Chamber of Commerce, county agent, and the buddies of the disabled men who are already here, will do all that they can to make possible the locating of many of these men in Crow Wing county.

The office of the Veterans' Bureau out of which Mr. Dahlberg is working is located in the Keith Plaza building, Minneapolis.

SCOTT KEEPS HIS RECORD CLEAR

By HENRY L. FARRELL
United Press Sports Editor

New York, Sept. 28.—Everett Scott, the "marathon shortstop" of the New York Yankees, recently paid \$40 in taxi fare to get to the Chicago ball park in time to play with the Yanks in an important series.

The mere matter of a train wreck and several other obstacles did not discourage him and he succeeded in keeping his long record of competition in consecutive games unbroken.

In figuring how a player of rather frail build like Scott has been able to play in almost a thousand straight games, it is only necessary to consider the spirit that keeps him going.

Other ball players might have taken the train wreck as an excuse for an extra day of liberty. Scott didn't and that is the reason why he is making a record that perhaps never will be equalled or surpassed.

Promoters around New York argue that boxing cannot be conducted at a profit for smaller prices than now prevail at the box offices.

It is done nevertheless in Philadelphia. With top prices of \$3 boxing is conducted the year round in the Quaker City and the outdoor season this summer was a big success.

Cards just as good as are put on in New York were staged at a profit for all. Four ball shows were put on at the National League ball park and the receipts were more than \$135,000.

Tex Rickard maintains, however, that boxers who work in Philadelphia for a purse of \$10,000 demand \$30,000 when he wants them on in New York.

They naturally figure, of course, that when so much more is charged for admission in New York that they are entitled to a bigger cut.

There is little doubt that William T. Tilden will be recognized as the world's singles champion in Europe, even if the United States Lawn Tennis Association will not officially award him the title on this side.

The French Tennis Federation already has recommended that Tilden be crowned champion, since he twice defeated Gerald Patterson, the winner of the British title at Wimbledon.

No one in the United States hesitates to admit that the great Philadelphian is the best in the world, but as the United States does not belong to the International Federation, the officials in this country hesitate to assume the role of international dictatorship.

When Tilden won the British title in 1920 and 1921 at Wimbledon, all the European nations recognized him as the world's champion, but the United States association refused to do so.

The United States Golf Association probably will take the same stand about recognizing the winner of the Walter Hagen-Gene Sarazen match as the open golf champion of the world.

Official recognition, however, does not mean so much. Hagen is the winner of the British title and Sarazen holds two American championships, so the winner could not be arrested for claiming to be the champion of the world.

AMUSEMENTS

Pearl White Wins Audience, As Usual

The audience that attended, at the Lyceum theatre yesterday, the first showing here of "Any Wife," Pearl White's latest Fox picture, were plainly delighted with the entertainment—and justifiably so. The story is tense drama until the final reel, when the tension is suddenly relieved by a surprise that is startling.

"Any Wife," of which Julia Tolava is the author, sets forth the unfortunate sequel of a wife's surrender to discontent with her home life as barren of the "spice" for which she longs. Lured into indiscretion, she pays a heavy price for her mistaken philosophy of life, being driven finally to utter despair at the situation in which she finds herself.

The story, however, has a "throw-back" to great joy in its final scenes, and closes with hilarious comedy. In both its serious and lighter vein Miss White scored complete success. Showing last time tonight.

Wm. Hart in "Travelin' On"

A vivid, unusual story of undoubted merit, a succession of exquisite settings all superbly directed and artistically photographed—that is a tabloid version of William S. Hart's latest Paramount picture, "Travelin' On," to be presented at the Lyceum theatre Friday and Saturday.

William S. Hart in the Paramount Picture "Travelin' On."

The picture is a virile typification of Arizona as it was in its most picturesque days, when night was right, and a highly-strung trigger finger

dictated the law. It introduces many characters which have long ceased to exist, chief among them being the fiery zealot, traveling from town to town in a wagon painted with Biblical phrases, preaching the word of God in the face of most determined opposition. In this, and in many other respects the picture is truly an epic of the West, for it is faithfully preserving for posterity the West as it will never be again. The supporting cast includes Ethel Grey Terry, Brinsley Haw and Mary Jane Irving. ing cast includes Ethel Grey Terry

Winners of the West

Art Acord, the popular cowboy star of "Winners of the West," carries the stellar honors in "In the Days of Buffalo Bill," which comes to the Lyceum theatre on Friday and Saturday. This Universal star is especially fitted for the role of Art Taylor, daring young rider of the Pony Express, because of his skill as a horseman.

County Jail Storming Gang to be Arraigned

(By United Press)
St. Paul, Sept. 28.—Seven men, alleged to have participated in the storming of the county jail here Saturday night which resulted in the escape of John C. Ryan, leader of a shot gun bandit gang, will be arraigned in municipal court today on a highway robbery charge.

Ryan and the seven men were captured 24 hours later in a rooming house here. All except two of the men have been positively identified, the police assert.

WOMAN HOOKS MUSKIE; IS STILL UNCONSCIOUS

Chicago, Sept. 28.—Three days ago, Mrs. Grace T. Carr, secretary to Albert Bunge, Chicago coal dealer, hooked a giant muskellunge in Tomahawk lake, Wisconsin, and, after trying five minutes to land her catch, is still unconscious at the Washington Park hospital in this city, where she was rushed after efforts to revive her at the lake had failed. Mrs. Carr was a member of a party vacationing at a lodge near Flambeau Indian reservation. When the great "muskie" struck, she insisted upon "playing" it herself, but after a few minutes of fierce struggling, she collapsed.

Japanese Term "Shogun."
"Shogun" is a Japanese term for great general, or commander-in-chief. For several centuries the shogun class exercised the real power in Japan, though nominally subject to the emperor. However, in 1867 a revolution restored the power of the emperor and the title of shogun was abolished the following year.

Mrs. Myrtle Sockness

EXPECTED DEATH

YOUR KIDNEYS ARE MOST IMPORTANT TO YOUR LIFE
Read This Woman's Testimony
Austin, Minn.—"Dr. Pierce's Anuric (kidney and backache) Tablets are the very best I have ever known. My kidneys were in a bad condition for over three years. I bloated so that several quarts of water was tapped from me at one time, and my people were expecting me to die when I had them give me the Anuric Tablets and the relief came almost at once. I took seven or eight bottles of Anuric and was restored to perfect health, which I still enjoy."—Mrs. Myrtle Sockness, 407 E. Allegheny St.

Get Dr. Pierce's Anuric Tablets from your druggist today, by all means, and get that uric acid out of your system. Don't, don't, don't put the matter off. Send 10c to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for trial pkg. and write for free medical advice. Adv.

N. D. POTATO DIGGERS WORKING OVERTIME

Fargo, Sept. 28.—Potato digging is on in full force throughout North Dakota and many earloads are passing through Fargo each day, according to men in touch with the situation. One train had 30 cars of potatoes. "There is a big demand for inspection," R. Maynard Peterson, Minneapolis, in charge of inspection in the state and located here, said. An inspector has been added to the state force at Waihalla, he said.

G. N. SHOP WORKERS GET PAY INCREASE

NEW WAGE SCALE RANGES HIGHER THAN THAT ESTABLISHED BY LABOR BOARD

St. Paul, Sept. 28.—Increased pay has been granted Great Northern railway shopworkers through negotiations between the management and delegates who perfected a new system organization of shopcrafts, it was announced in St. Paul. Negotiation of the new wage scale and working rules and completion of the new shop workers' organization, which supplements the unions called out by the national strike of July 1, were completed late yesterday. The delegates represented 8,000 shop workers from seven crafts throughout the northwest on the Great Northern system.

The scale of wages ranges higher than that established by the Railroad Labor board and the new working rules negotiated were declared by the delegates to be more favorable than those prevailing previously. The maximum scale established by the labor board was 70 cents an hour. The new scale for which contracts were signed today is 72 cents for all first class mechanics and runs as high as 85 cents an hour for skilled mechanics, a maximum three cents higher than that granted by the government agency.

PLANES "TORPEDO" U. S. BATTLESHIPS

ATTACK ON ATLANTIC FLEET UNITS TESTS EFFICIENCY OF NEW WAR WEAPON

Norfolk, Va., Sept. 28.—Naval seaplanes located and torpedoed a "hostile fleet" off the Virginia capes. The planes returned to their base here late yesterday, each of them having dropped one whitehead torpedo—with the war head removed so they would not explode—on a battleship of the Atlantic fleet. Scout planes were expected in later with results which will tell whether the "enemy" was "destroyed."

The attack on the fleet was a test of the efficiency of the new torpedo. Wisdom Well Spoken. Jud Tunkins says after looking at a fashion parade he has decided that if all the world's a stage it ought to have more dressing rooms.—Washington Star.

Newer Form of Iron a Blessing To Folks Who Are Weak, Sickly, Nervous or Run-down
Thousands of People Have Suffered From all Sorts of Alarming Symptoms And After Ailing, Complaining and Doctoring for Years Found That the Real Trouble Was Lack of Iron in Their Blood— Astonishing Results Often Shown in Two Short Weeks
"Six weeks ago I saw a special offer in the paper telling about the terrible debilitating weakness caused by lack of iron in the blood, and how examinations by physicians had shown that three people out of every four you meet lack 100% iron in their blood. For years I had been all tired out with my work and never felt well a single day. For long periods I would have pains in my back and think I was getting kidney trouble. Then I had dizzy spells, pains and palpitations around my heart, and began to fear I was getting heart disease. I suffered from gas and my meals always upset me. Nothing I ate agreed with me or seemed to do me any good, and I could not get any strength out of my food.
I have been taking Nuxated Iron for two weeks. The results are simply astounding. I can work twice as long without tiring and I feel myself getting stronger every day. All my alarming symptoms have disappeared and I can conscientiously say that more iron in my blood has tremendously increased my strength, energy and endurance."
The above is a typical hypothetical case showing the results that have been achieved by thousands of people since we started this "Satisfaction or Money Back" offer on Nuxated Iron. We will make you the same guarantee. If after taking two weeks treatment of Nuxated Iron you cannot walk twice as far or work twice as long without tiring, and you are not absolutely delighted with the results, we will promptly refund your money. For sale by all druggists.
NOTE.—The above company is known to be thoroughly reliable. Over 4,000,000 packages of Nuxated Iron are sold annually, and it has been used and highly recommended by former U. S. Senators, Members of Congress, Judges of U. S. Courts and many physicians. We are able to guarantee that if you do not obtain all and even greater benefits than you expect from Nuxated Iron, the manufacturers will promptly refund your money.
For sale by all druggists, including Johnson's Pharmacy.

HARD LUCK SAM—

SCOTT KEEPS HIS RECORD CLEAR

By HENRY L. FARRELL
United Press Sports Editor

New York, Sept. 28.—Everett Scott, the "marathon shortstop" of the New York Yankees, recently paid \$40 in taxi fare to get to the Chicago ball park in time to play with the Yanks in an important series.

The mere matter of a train wreck and several other obstacles did not discourage him and he succeeded in keeping his long record of competition in consecutive games unbroken.

In figuring how a player of rather frail build like Scott has been able to play in almost a thousand straight games, it is only necessary to consider the spirit that keeps him going.

Other ball players might have taken the train wreck as an excuse for an extra day of liberty. Scott didn't and that is the reason why he is making a record that perhaps never will be equalled or surpassed.

Promoters around New York argue that boxing cannot be conducted at a profit for smaller prices than now prevail at the box offices.

It is done nevertheless in Philadelphia. With top prices of \$3 boxing is conducted the year round in the Quaker City and the outdoor season this summer was a big success.

Cards just as good as are put on in New York were staged at a profit for all. Four big shows were put on at the National League ball park and the receipts were more than \$135,000.

Tex Rickard maintains, however, that boxers who work in Philadelphia for a purse of \$10,000 demand \$30,000 when he wants them on in New York.

They naturally figure, of course, that when so much more is charged for admission in New York that they are entitled to a bigger cut.

There is little doubt that William T. Tilden will be recognized as the world's singles champion in Europe, even if the United States Lawn Tennis Association will not officially award him the title on this side.

The French Tennis Federation already has recommended that Tilden be crowned champion, since he twice defeated Gerald Patterson, the winner of the British title at Wimbledon.

No one in the United States hesitates to admit that the great Philadelphia is the best in the world, but as the United States does not belong to the International Federation, the officials in this country hesitate to assume the role of international dictator.

When Tilden won the British title in 1920 and 1921 at Wimbledon, all the European nations recognized him as the world's champion, but the United States association refused to do so.

The United States Golf Association probably will take the same stand about recognizing the winner of the Walter Hagen-Gene Sarazen match as the open golf champion of the world.

Official recognition, however, does not mean so much. Hagen is the winner of the British title and Sarazen holds two American championships, so the winner could not be arrested for claiming to be the champion of the world.

AMUSEMENTS

Pearl White Wins Audience, As Usual

The audience that attended, at the Lyceum theatre yesterday, the first showing here of "Any Wife," Pearl White's latest Fox picture, were plainly delighted with the entertainment—and justifiably so. The story is tense drama until the final reel, when the tension is suddenly relieved by a surprise that is startling.

"Any Wife," of which Julia Tolva is the author, sets forth the unfortunate sequel of a wife's surrender to discontent with her home life as barren of the "spice" for which she longs. Lured into indiscretion, she pays a heavy price for her mistaken philosophy of life, being driven finally to utter despair at the situation in which she finds herself.

The story, however, has a "throw-back" to great joy in its final scenes, and closes with hilarious comedy. In both its serious and lighter veins Miss White scored complete success. Showing last time tonight.

Wm. Hart in "Travelin' On"

A vivid, unusual story of undoubted merit, a succession of exquisite settings all superbly directed and artistically photographed—that is a tabloid version of William S. Hart's latest Paramount picture, "Travelin' On," to be presented at the Lyceum theatre Friday and Saturday.

William S. Hart in the Paramount Picture "Travelin' On"

The picture is a virile typification of Arizona as it was in its most picturesque days, when might was right, and a highly-strung trigger finger

dictated the law. It introduces many characters which have long ceased to exist, chief among them being the fiery zealot, traveling from town to town in a wagon painted with Biblical phrases, preaching the word of God in the face of most determined opposition. In this, and in many other respects the picture is truly an epic of the West, for it is faithfully preserving for posterity the West as it will never be again. The supporting cast includes Ethel Grey Terry, Brinsley Haw and Mary Jane Irving, and includes Ethel Grey Terry.

Winners of the West

Art Acord, the popular cowboy star of "Winners of the West," carries the stellar honors in "In the Days of Buffalo Bill," which comes to the Lyceum theatre on Friday and Saturday. This Universal star is especially fitted for the role of Art Taylor, daring young rider of the Pony Express, because of his skill as a horseman.

County Jail Storming Gang to be Arraigned

(By United Press)

St. Paul, Sept. 28.—Seven men, alleged to have participated in the storming of the county jail here Saturday night which resulted in the escape of John C. Ryan, leader of a shot run bandit gang, will be arraigned in municipal court today on a highway robbery charge.

Ryan and the seven men were captured 24 hours later in a rooming house here. All except two of the men have been positively identified, the police assert.

WOMAN HOOKS MUSKIE; IS STILL UNCONSCIOUS

Chicago, Sept. 28.—Three days ago, Mrs. Grace T. Carr, secretary to Albert Bunge, Chicago coal dealer, hooked a giant muskellunge in Tomahawk lake, Wisconsin, and, after trying five minutes to land her catch, is still unconscious at the Washington Park hospital in this city, where she was rushed after efforts to revive her at the lake had failed. Mrs. Carr was a member of a party vacationing at a lodge near Flambeau Indian reservation. When the great "muskie" struck, she insisted upon "playing" it herself, but after a few minutes of fierce struggling, she collapsed.

Japanese Term "Shogun."

"Shogun" is a Japanese term for great general, or commander-in-chief. For several centuries the shogun class exercised the real power in Japan, though nominally subject to the emperor. However, in 1867 a revolution restored the power of the emperor and the title of shogun was abolished the following year.

Mrs. Myrtle Sockness

EXPECTED DEATH

YOUR KIDNEYS ARE MOST IMPORTANT TO YOUR LIFE
Read This Woman's Testimony

Austin, Minn.—"Dr. Pierce's Anuric (kidney and backache) Tablets are the very best I have ever known. My kidneys were in a bad condition for over three years. I bloated so that several quarts of water was tapped from me at one time, and my people were expecting me to die when I had them give me the Anuric Tablets and the relief came almost at once. I took seven or eight bottles of Anuric and was restored to perfect health, which I still enjoy."—Mrs. Myrtle Sockness, 407 E. Allegheny St.

Get Dr. Pierce's Anuric Tablets from your druggist today, by all means, and get that uric acid out of your system. Don't, don't, don't put the matter off. Send 10c to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for trial pkg. and write for free medical advice. Adv.

N. D. POTATO DIGGERS WORKING OVERTIME

Fargo, Sept. 28.—Potato digging is on in full force throughout North Dakota and many carloads are passing through Fargo each day, according to men in touch with the situation. One train had 30 cars of potatoes. "There is a big demand for inspection," R. Maynard Peterson, Minneapolis, in charge of inspection in the state and located here, said. An inspector has been added to the state force at Wahalla, he said.

G. N. SHOP WORKERS GET PAY INCREASE

NEW WAGE SCALE RANGES HIGHER THAN THAT ESTABLISHED BY LABOR BOARD

St. Paul, Sept. 28.—Increased pay has been granted Great Northern railway shopworkers through negotiations between the management and delegates who perfected a new system organization of shopcrafts. It was announced in St. Paul. Negotiation of the new wage scale and working rules and completion of the new shop workers' organization, which supplements the unions called out by the national strike of July 1, were completed late yesterday. The delegates represented 8,000 shop workers from seven crafts throughout the northwest on the Great Northern system.

The scale of wages ranges higher than that established by the Railroad Labor board and the new working rules negotiated were declared by the delegates to be more favorable than those prevailing previously. The maximum scale established by the labor board was 70 cents an hour. The new scale for which contracts were signed today is 72 cents for all first class mechanics and runs as high as 85 cents an hour for skilled mechanics, a maximum three cents higher than that granted by the government agency.

PLANES "TORPEDO" U. S. BATTLESHIPS

ATTACK ON ATLANTIC FLEET UNITS TESTS EFFICIENCY OF NEW WAR WEAPON

Norfolk, Va., Sept. 28.—Naval sea-planes located and torpedoed a "hostile fleet" off the Virginia capes.

The planes returned to their base here late yesterday, each of them having dropped one whitehead torpedo—with the war head removed so they would not explode—on a battleship of the Atlantic fleet.

Scout planes were expected in later with results which will tell whether the "enemy" was "destroyed."

The attack on the fleet was a test of the efficiency of the new torpedo.

Wisdom Well Spoken.

Jud Tunkins says after looking at a fashion parade he has decided that if all the world's a stage it ought to have more dressing rooms.—Washington Star.

On Guard!
Protect your stove against rust and wear by using
BLACK SILK STOVE POLISH
Easily applied and adheres to the iron as if a part of it. All its advantages have been proved over and over again by millions of women everywhere. Used by dealers on sample stoves and for exhibition work.

Newer Form of Iron a Blessing To Folks Who Are Weak, Sickly, Nervous or Run-down

Thousands of People Have Suffered From all Sorts of Alarming Symptoms And After Ailing, Complaining and Doctoring for Years Found That the Real Trouble Was Lack of Iron in Their Blood— Astonishing Results Often Shown in Two Short Weeks

"Six weeks ago I saw a special offer in the paper telling about the terrible debilitating weakness caused by lack of iron in the blood, and how examinations by physicians had shown that three people out of every four you meet lack 100% iron in their blood. For years I had been all tired out with my work and never felt well a single day. For long periods I would have pains in my back and think I was getting kidney trouble. Then I had dizzy spells, pains and palpitations around my heart, and began to fear I was getting heart disease. I suffered from gas and my meals always upset me. Nothing I ate agreed with me or seemed to do me any good, and I could not get any strength out of my food.
I have been taking Nuxated Iron for two weeks. The results are simply astounding. I can work twice as long without tiring and I feel myself getting stronger every day. All my alarming symptoms have disappeared and I can conscientiously say that more iron in my blood has tremendously increased my strength, energy and endurance."
The above is a typical hypothetical case showing the results that have been achieved by thousands of people since we started this "Satisfaction or Money Back" offer on Nuxated Iron. We will make you the same guarantee. If after taking two weeks treatment of Nuxated Iron you cannot walk twice as far or work twice as long without tiring, and you are not absolutely delighted with the results, we will promptly refund your money. For sale by all druggists.

NOTE.—The above company is known to be thoroughly reliable. Over 4,000,000 packages of Nuxated Iron are sold annually, and it has been used and highly recommended by former U. S. Senators, Members of Congress, Judges of U. S. Courts and many physicians. We are able to guarantee that if you do not obtain all and even greater benefits than you expect from Nuxated Iron, the manufacturers will promptly refund your money.

For sale by all druggists, including Johnson's Pharmacy.
